Zeta: Kevin Jiang

Eta: Andrew von Werder

Theta: Quinton Miller, Andrew von Werder, Jakob Frank

Iota: Robert Francis, Sean Ryan

Kappa: Rhett Offenbacker

Lambda: Justin Bachmann

Mu: Rob Francis

Nu: Kyaw Swanyee

Xi: Keeran Abraham

Omicron: Ben von Werder, Alvan Cao

Pi: Justin Bachmann

Rho: Eli Waggoner

Sigma: Adam Tjarksen

Tau: Troy Cannon

Upsilon: Nick Feddersen

placeholder

Phi: Nate Murphy

Chi: Xander Ramsey, Zach Danek

Psi (Internal): Emmett Santalucia

Brothers and accepted bids pose for a picture during weekend trip to Krampen's.

Psi (External): Ryan Covitz

Omega: Aaron Day

New Upsilon

Hello everyone, my name is Nick and I'm the new Upsilon for this semester. I'm from Charlotte, North Carolina, and am studying economics and math. I'm also a member of the famous Fall 24 pledge class. My contact info is below: please feel free to reach out with questions or anything else.

Spring Rush

This coming weekend marks the end of spring rush, which brothers have been working hard at since early December. Some highlights were poker night and the Purdue vs. Michigan watch party last week. There are already six accepted bids, with several more outstanding! We are looking forward to a great semester with our new members.

Alumni fundraiser

Our first fundraiser that gives back to alumni is now live until March 14! Our goal is to raise funds to perform small renovations during this summer like repainting hallways or repairing composite frames. Purchase a variety of Skull themed products, from a 3D printed model of Skull House, to engraved beer mugs or Maltese Crosses from the link here. A detailed report of the accounting and receipts will be provided to the housing board, and all money will be transferred to advisor Larry Rexing after all products are ordered. Order products before March 14!

Paintball and flamethrower!

The brothers had a great weekend resting and recharging in the middle of spring rush, visiting Krampen's property to play paintball, shoot trap, and use the flamethrower. A round robin paintball tournament was played in the snow, with snow banks offering excellent cover. Reigning champion Alpha squad was unfortunately slightly short of men, and lost to the Blue team early on. Brothers and accepted bids also shot trap, with incredible performances from our accepted bid from California, and most of the Fall 24 pledge class! A huge thank you to alumni Jim Krampen for hosting us at his shop!

Dogs and Donuts

Brothers spent a morning outside in less than optimal temperatures selling donuts and coffee to raise money for Natalie's Second Chance dog shelter! The philanthropy was a success , raising $235, and while the brothers were cold, the dogs certainly won't be. This marks the beginning of spring philanthropy events, with several additional exciting events on the calendar for this semester!

Snowstorm brings sledding to the house!

A recent winter storm brought plenty of snow to campus, and brothers took full advantage! There were several nights of sledding down the hill in front of the house, with accepted bids and brothers alike taking full advantage of the winter weather!
